APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

It is specifically understood by the State Engineer that there is not sufficient water in Buckeye Creek at all times of the year to fully cover this grant. It is recognized that the stream is a flood water stream and that there is water to be had under this permit at such times only. It is understood that the stream does not flow to the Uhalde property herein designated except at intervals. The right herein granted is subject to all prior rights on the source and the State Engineer reserves the right to regulate the use of water herein granted to insure protection to the prior rights.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One & 6/10^{ths} cubic feet per second.

Actual construction work shall begin on or before July 21st, 1913.

Proof of commencement of work shall be filed before August 21st, 1913.

Work must be prosecuted with reasonable diligence and be completed on or before July 21st, 1914.

Application of water to beneficial use shall be made on or before August 21st, 1917.

Proof of the application of water to beneficial use must be filed with the State Engineer on or before September 21st, 1917.

WITNESS MY HAND AND SEAL this 21st day of June, 1913.
